

Stonesfield Parish Council (SPC) Nov 2025

Background

There are over 8,700 parish and town councils representing around 16 million people across England. They form the most local level of government and cover many rural and urban areas.

The Parish Council has an overall responsibility for the well-being of its local community. It plays an important role in the local community and is a vital link to district and county councils and other agencies on local issues.

The Parish Council's work falls into three main categories:

- representing the local community
- delivering services to meet local needs
- striving to improve the quality of life in the parish

Parish Councils funding comes primarily through the precept. This precept is a local rate which is collected here in Stonesfield by West Oxfordshire District Council as part of the council tax.

Parish Council

Parish Council usually meets 1st Wednesday of the month at 7.00pm in the Village Hall. Dates / location are subject to change. The agenda will also be displayed on the notice board by the village shop approximately 1 week before each meeting. **This is subject to change – see website.**

The current members of the Parish Council are:

- Claire Renshaw

How can the Parish Council help?

First of all, we need to know about the issue

One way is through the “Public Participation” section of each Parish Council meeting – where members of the community can raise matters for discussion. It would be great if you could give us a heads up on the issue in advance of the meeting, clerk@stonesfieldpc.uk so the Clerk or the Councillors can gather any relevant information beforehand.

Alternatively, if you cannot or do not wish to attend the meeting, please get in touch using clerk@stonesfieldpc.uk

Who can be a Parish Councillor?

Parish Councillors must be:

- Aged 18 or over;
- A citizen of the UK, Commonwealth, EU or Ireland;
- On the electoral roll, or a resident or within 3 miles of the parish, own land or work in the parish.

They should:

- Be able to attend regular evening meetings (one Parish Council Meeting every other month plus occasional other meetings as required)
- Be interested in local issues, preferably not just a single issue;
- Have an understanding and willingness to represent the views of the whole community;
- Have an interest in being a professional and effective councillor.

The **National Association of Local Councils** has also published a very useful guide to being a local councillor.

Transparency Code

SPC has to comply with national requirements issued by the Department for Communities and Local Government (DCLG). New requirements are laid out in the Transparency Code, introduced by DCLG in December 2014. These are intended to increase transparency of smaller arms of local government, such as SPC, which has an annual turnover of less than £25,000.

This Code requires SPC to publish annually key information about SPC finances, assets and what the specific roles of your councillors are. SPC complies with this fully as its draft accounts and the statement of accounts are published with the agendas for the Annual Parish Meeting and the Annual Parish Council meeting annually in May.
